

ECHO Series for Community-Based MOUD Teams

We'll dispel myths, tackle tricky cases, and troubleshoot community services for MOUD.

Receiving and delivering medication for Opioid Use Disorder (MOUD) is challenging even if you're working as a team to connect practices to communities. Members of healthcare teams will learn and share experiences integrating MOUD. We expect participants to come with their challenges and successes for us to benefit and learn from together.

Register Today!

- 1 Sign up on the iECHO platform: bit.ly/RBHWCMOUDECHO25 
- 2 Complete your course registration.
- 3 Submit a scenario for discussion. bit.ly/1MOUDscenario2025
